FOR SCRAP SELLERS

WHAT WE BUY

FERROUS

- *Automobiles for shredding
- *Appliances
- Baling clips
- Busheling
- Cable, fence & wire
- Cast iron
- Construction equipment
- Demolition scrap
- Farm machinery
- Lawn mowers
- Industrial scrap steel
- Machine shop turnings & cast iron borings
- OTM (other track material)
- Prepared # 1 & # 2 heavy melt
- Prepared plate & structural
- Railroad scrap
- Sheet metal
- Structural beams
- Tanks larger than 100 gal. must have 3 ft. hole

NON-FERROUS

All grades of aluminum:

- Aluminum cans
- Aluminum extrusions
- Cast aluminum
- Painted siding
- Sheet aluminum
- Alum/copper radiators
- *Batteries (lead acid, not cracked)
- Brass plumbing, fixtures, faucets & fittings
- Catalytic converters
- Copper # 1 & # 2
- Insulated/clean copper wiring #1 & # 2
- Mixed Insulated Copper Wire
- Electric motors
- Heater cores
- Scrap lead
- Radiators
- Stainless steel
- Transmissions

*Conditional Criteria (see page 2)

Identification required at time of sale -

Please present a valid government ID to the buyer prior to unloading material. Copy of ID will be taken at time of payment.
Thank you for your cooperation.

FOR SCRAP SELLERS

WHAT WE DON'T BUY

Acetylene cylinders
Asbestos containing material
(i.e. insulated pipe and transite
concrete fiber board)
Back up power supply units
Ballasts
Capacitors
Cathode ray tubes
Closed compressed gas cylinders
Closed containers of any kind
Computer Monitors
Containers with free-flowing liquids inside
or outside (tar, oil, gasoline)
Items containing Mercury
Electronic Scrap

Computers	Home phones
Cell Phones	Keyboards
Power Units	Mouse
Printer Ink Cartridges	Office phone systems
Calculators	Printers
Cash registers	Scanners
Computer speakers	Transistor radios
Digital cameras	VCRs
DVD players	Video game systems
Fax machines	

Flammable or combustible material
Fluorescent light bulbs
Fluorescent light ballasts
Material containing refrigerants
Munitions, bullets, military target range
scrap, explosives
Microwave ovens
Paint cans
Pressure regulating valves
Radioactive material
Thermometers
Thermostats
Tin cans
TV's

CONDITIONAL SCRAP ACCEPTANCE CRITERIA

Above Ground & Underground Storage Tanks -
- Must be drained with a 6" hole, have no liquids or sludge, and no
combustible vapors
Aerosol Cans -
- Must be empty (no pressure and no liquids).
Appliances -
- Must have fluid filled capacitors removed.
- Must have certification that CFCs have been properly removed.
Automobiles - (Title required)
- Must have certification that CFCs have been properly removed.
- Must have lead acid battery and mercury switches removed.
- Must have accessible wheel weights removed.
- Must have fuel tank removed or drained with a 6" hole visible.
- Must have antifreeze, oil, and transmission fluid removed.
Barrels, drums, pails and buckets -
- Must be triple rinsed, dried and lid removed

FOR SCRAP SELLERS

FOR YOUR SAFETY

- **Watch out for heavy equipment.**
- **Make eye contact with the operator before moving around mobile equipment.**
- **Follow instructions of the traffic directors and the inspectors.**
- **Only enter the unloading areas when instructed.**
- **Exit vehicle and stay in the designated area if your vehicle is unloaded with mobile equipment.**
- **Do not climb on or take material from scrap piles.**
- **Observe “No Smoking” and “Do Not Enter” signs in the plant.**
- **Watch out for pedestrians while driving (especially when backing up).**
- **Check for moving railcars at crossings and proceed cautiously over tracks.**
- **Report any injuries to the AMR office right away.**

**AMR encourages you to dress appropriately
(wear sturdy shoes and use gloves to handle scrap).**

Thank you for making our yards safer by following these guidelines.
